About Company

Ola is Indias largest mobility platform and one of the **worlds largest ride-hailing companies, serving 250+ cities across India, Australia, New Zealand, and the UK.** The Ola app offers mobility solutions by connecting customers to drivers and a wide range of vehicles across bikes, auto-rickshaws, metered taxis, and cabs, enabling convenience and transparency for hundreds of millions of consumers and over 1.5 million driver-partners.

Its electric-vehicle arm, Ola Electric, supplements Olas core mobility offering in India; Indias largest fleet management business, Ola Fleet Technologies and Ola Skilling that aims to enable millions of livelihood opportunities for India's youth. With its acquisition of Ridlr, Indias leading public transportation app and investment in Vogo, a dockless scooter sharing solution, Ola is looking to build mobility for the next billion Indians. Ola also extends its consumer offerings like micro-insurance and credit led payments through Ola Financial Services and a range of owned food brands through Indias largest network of kitchens under its Food business.
